

Child and Vulnerable Adult Protection Policy Statement
ALIVE/CKI are committed to the safety and wellbeing of children and vulnerable adults which student volunteers and service learning students are engaged with through community organisations and schools.
Garda Vetting
ALIVE/CKI does not carry out Garda Vetting of student volunteers
Placing Students with Community Organisations and Schools
ALIVE/CKI match and place students with community organisations and schools through the CKI website, Volunteer Fair and through other means. Students sign up to volunteer or are placed with an organisation and each organisation is responsible for carrying out their policy in relation to protecting their client group. ALIVE/CKI do not screen student volunteers: we do not interview volunteers or check references.

Review
The ALIVE/ CKI Garda Vetting Policy will be reviewed annually and updated accordingly.
